

Instructions for Referral Program:

Print out both pages.

Cut the first page into 2, a left and right side. (good for 2 packages)

The last page cut into 4 equal cards.

Fill in your name and date, so I know who referred the person with the gift card and you will be able to receive your discount.

Also, if I did not give you this package personally, add your phone number on each card, so I have a way to contact you once all 4 referrals received sessions.

Keep track of whom you gave the gift cards to and when.

Thank you for participating

Antje Roitzsch

I am inviting you to my
